**Aerial Obstruction Reporting Requirements**

# CHAPTER 3

Section 1. **Authority and Purpose**.

These rules and regulations are adopted pursuant to W.S. 10-4-305 to administer a program for reporting information about certain aerial obstructions to the Wyoming Department of Transportation.

Section 2. **Reporting Requirements**.

(a) Persons owning or leasing a structure meeting the reporting requirements of W.S. 10-4-305 shall submit, as described in Section 3 of this rule, the following information to the Wyoming Aeronautics Division of the Wyoming Department of Transportation on or before April 30, 2009, for every structure erected before April 30, 2009.

(i) The structure's exact location by county and by either latitude and longitude or by Universal Transverse Mercator coordinates;

(ii) The elevation of the site in feet;

(iii) The structure's height above ground level, in feet;

(iv) The owner's or lessee's name, address, telephone number, e-mail address (if any), and owner's representative (if any); and

(v) The method used to make the structure visible.

(b) For any structure meeting the reporting requirements of W.S. 10-4-305 and erected or raised after April 30, 2009, a report shall be filed **not less than 10 days before erection or raising**.

(c) Any person removing a structure subject to the reporting requirements of W.S. 10-4-305 shall report the removal using the procedures described in Section 3 of this rule within 10 days.

(d) The Wyoming Department of Transportation shall make information, other than ownership information, available to the public as described in W.S. 10-4-305.

Section 3. **Contact Information**.

(a) Information as required in Section 2 of this rule shall be submitted to the Aeronautics Division of the Wyoming Department of Transportation using the Wyoming Meteorological Towers Reporting System through the following electronic address: http://www.dot.state.wy.us. and then navigating from there to the Aeronautics/Met Tower Reporting page.
