LEAST WEASEL. State law lists the “weasel” as a furbearing animal. Three weasel species are present in Wyoming: long-tailed weasel, short-tailed weasel (ermine) and least weasel. The least weasel is very small and its fur has negligible value. The species is quite rare and little is known concerning its distribution. Trappers are asked to make every attempt to avoid trapping the least weasel. The Department requests that unintentional trapping of a least weasel be reported to the Department’s Nongame Section by telephoning 1-800-654-7862 in an effort to preserve the specimen for scientific use.

IMPORTANT HUNTER INFORMATION

DISCLAIMER. The following sections are a condensed summary of applicable wildlife laws and other important information. This summary is in no way intended to alter the content or statutory intent of those laws. If you have any questions regarding the precise language, you can view a copy of the State Statutes (Title 23) and Wyoming Game and Fish Commission (Commission) Regulations, available at the Cheyenne Headquarters, Department Regional Offices, the Department

website or consult the following websites: <http://soswy.state.wy.us> or <http://legisweb.state.wy.us>.

ACCESS ON LANDS ENROLLED IN THE DEPARTMENT'S WALK-IN AREAS OR HUNTER MANAGEMENT AREAS. Access to private lands enrolled in the Walk-in or Hunter Management Program is granted only for the species of wildlife and for the time periods specified in Department publications. Travel by motorized vehicle is prohibited, except as otherwise stated. Hunters wishing to use enrolled private lands for any other wildlife species, activity or time period must obtain permission from the landowner or person in charge of the property. Department publications or signs shall serve as official regulations of the Commission and may advise of additional restrictions. The landowner or person in charge of the property may grant permission for motorized vehicle travel contrary to that specified by Department signs or publications.

ACCESS YES PROGRAM. The Access Yes Program was established to help address the difficulties of finding places to hunt and fish. Hunters and anglers can voluntarily donate any whole dollar amount to Access Yes when they purchase or apply for a license. Contributions are used to secure additional public hunting and fishing access on private lands and inaccessible public lands. Donating helps support the program, but does not provide or imply access to all private or inaccessible public lands in Wyoming.

ARTIFICIAL LIGHT FOR HUNTING PROHIBITED; EXCEPTION. No person shall take any wildlife with the aid of or by using any artificial light or lighting device except that predators may be taken with the aid of an artificial light or lighting device by:

(i) A public officer authorized to and conducting predator control;

(ii) A landowner, resident manager or person with the landowner's or a resident manager's written permission to take predators, on land under the landowner's control for the protection of their property.

It is prima facie evidence of a violation if a person uses an artificial light in an area that may be inhabited by wildlife while having in their possession and control any device for taking wildlife. This shall not prohibit the hunting on foot of raccoon with the aid of a handlight, provided the hunter is accompanied by a raccoon hunting dog and, if hunting on private land(s), has the written permission of the landowner or their agent.

BAIT RESTRICTIONS. No person shall take a game animal, game bird or game fish and use any part thereof for bait to hunt, trap or poison any wildlife of Wyoming.

CHECK STATIONS. Every hunter, angler, or trapper entering or leaving areas for which check stations have been established shall stop and report at the check station if the check station is on the hunter's, angler's or trapper's route to and from the hunting or fishing area. This requirement applies even if the person does not have wildlife in possession. Game and fish licensees shall produce their licenses, permits or stamps as required by regulation for any game animals, game birds, fish or furbearing animals in their possession for inspection upon request by any authorized department representative.

CLOSED AREAS. All areas within the state of Wyoming not opened by specific order of the Commission shall be closed to the taking of game animals, furbearing animals and game birds.

CONSERVATION STAMP. Persons exercising privileges under a furbearer hunting or trapping license are not required to obtain a conservation stamp.

DOMESTICATION OF FURBEARING ANIMALS. Any resident person who desires to capture furbearing animals for domestication or propagation shall apply for a license to capture furbearing animals for the purpose of domestication or propagation. The Department may issue the license under such restrictions as it deems necessary. Applications are available from the Cheyenne Headquarters, Department Regional Offices and game wardens. A person must also apply for and receive a Chapter 10 Regulation Permit for Importation, Possession, Confinement, Transportation, Sale and Disposition of Live Wildlife prior to capturing and possessing any live furbearing animal.

Any person engaging in the business of buying, collecting, selling or shipping raw furs, other than hides from cloven hoof big game animals, shall apply for and obtain a resident fur dealer's license or a nonresident fur dealer's license prior to commencing the business. Fur dealer licenses are only available from the Cheyenne Headquarters. Residents shall apply through their local game warden. Nonresidents must apply through the Cheyenne Headquarters. Licensed fur dealers may receive, purchase, store, handle, ship, sell, transport and deliver hides from cloven hoof big game animals within or outside the state without tagging the hides with a Wyoming interstate game tag so long as proper records are kept. Fur dealers bringing hides or furs lawfully obtained in another state into Wyoming shall not remove any tag, tattoo, mark or other identification attached to or placed upon the hide or fur by the authorities of another state.

HUNTER SAFETY/MENTOR PROGRAM; EXEMPTION. Except as otherwise provided, no person born on or after January 1, 1966,

may take wildlife by the use of firearms on land other than that of their own family, unless that person can demonstrate they have obtained a certificate of competency and safety in the use and handling of firearms. Attendance and successful completion of a hunter safety course offered by an association or governmental agency approved by the Commission satisfies the requirements of this section.

Any active member, honorably discharged past member or veteran of the armed forces of the United States and any active or retired Wyoming peace officer qualified pursuant to W. S. § 9-1-701 through § 9-1-707 may obtain an exemption from the hunter safety requirement. Hunter safety exemption applications are available at the Cheyenne Headquarters and Department Regional Offices. This hunter safety exemption is not valid for hunting elk within Grand Teton National Park (Hunt Areas 75 and 79), or for persons acting as mentors in the Hunter Mentor Program.

A person who has not received a certificate of competency and safety in the use and handling of firearms may apply to the Department for a special authorization to take wildlife with the use of a firearm while being accompanied by a person acting as a mentor. A special authorization shall be valid for one (1) year from the date of issue and shall be in the possession of the recipient at all times while in the field. The application process may be completed on the Department website. Any person acting as a mentor shall be at least eighteen (18) years of age, shall possess a valid hunting license, and shall demonstrate they have successfully completed a hunter safety course. LICENSE FRAUD PROHIBITED; INVALIDATION BY IMPROPER FEES. Department licenses, permits, stamps, tags or coupons shall not be altered by anyone other than authorized Department personnel. No license, permit, stamp, tag or coupon shall be transferred or used for the purpose of taking wildlife except by the individual to whom it was issued and therein named and while in that individual's possession. No individual shall take or attempt to take any wildlife using another individual's license, permit, stamp, tag or coupon. Any license, permit, stamp, or tag shall not be valid unless the proper fees have been received by the Department. Any Wyoming Game and Fish law enforcement officer may seize as evidence any license, permit, stamp or tag that was obtained in violation of Commission regulations or Wyoming Statutes.

PERMISSION TO HUNT, FISH, TRAP OR COLLECT ANTLERS OR HORNS. No person shall enter upon the private property of any person to hunt, fish, trap or collect antlers or horns without the permission of the landowner or person in charge of the property. The license must bear the signature of the landowner, lessee or agent of the landowner on whose private property the person is accessing or the legitimate proof shall be provided as evidence that permission to hunt has been granted.

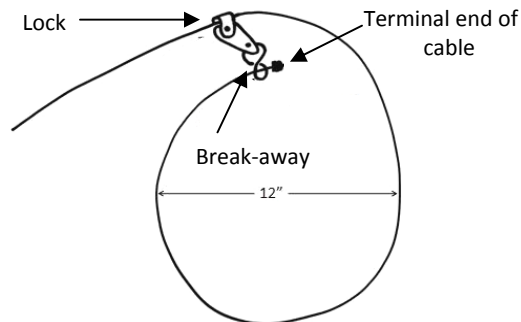

PRECAUTIONS WHEN HUNTING IN AREAS OCCUPIED BY GRIZZLY BEARS. Hunters and anglers are reminded that grizzly bears occupy many areas in and around the Bridger-Teton, Shoshone and Caribou-Targhee National Forests in northwest Wyoming. The Department strongly recommends individuals working and recreating in these areas take precautions,

including carrying bear pepper spray, to avoid conflicts with grizzly bears. Information about human safety and proper storage of food and other attractants in occupied grizzly habitat is available from the Cheyenne Headquarters, Department Regional Offices, U.S. Forest Service Offices and the Department website. Regulations concerning food/carcass storage in occupied grizzly habitat can be obtained from the U.S. Forest Service. Report all conflicts with grizzly bears to the nearest Department Regional Office.

PROHIBITED ACTS. IT IS ILLEGAL TO:

- Intentionally tamper with or remove a trap or snare; or, release or remove a furbearing animal or predator from a trap or snare that is set and maintained in compliance with Wyoming statutes and Commission regulations.
- Shoot or attempt to kill any wildlife from any public road or highway. No person shall fire any firearm from, upon, along or across any public road or highway. No person shall knowingly fire any rifle from the enclosed lands of one person onto or across the enclosed lands of another without the permission of both persons.
- Use any dog to hunt, run or harass any big or trophy game animal, protected animal or furbearing animal except as otherwise provided by statute. The Commission shall regulate the use of dogs to take mountain lions and bobcats during hunting or trapping seasons.
- Use any aircraft with the intent to spot, locate and aid in the taking of any game animal from August 1 through January 31 of the following calendar year. Nothing in this Section shall apply to the operation of an aircraft in a usual manner where there is no attempt or intent to locate any game animal, such as aircraft used for the sole purpose of passenger transport.
- Take and leave, abandon or allow the edible portion of any game bird, game fish or game animal (except trophy game animal) to intentionally or needlessly go to waste.
- Transport illegally taken wildlife across state lines; such transportation is a violation of the Federal Lacey Act.
- Harass, pursue, hunt, shoot or kill any Wyoming wildlife except predatory animals with, from or by use of any flying machine, automotive vehicle, trailer, motor-propelled wheeled vehicle or vehicle designed for travel over snow. The Commission may exempt handicapped hunters from any of these provisions. It is also illegal to shoot waterfowl from a boat under power or sail.

SNARE BREAK-AWAYS AND LOOP SIZE. All snares used for furbearing or predatory animals shall be equipped with a break-away device (i.e., shear pin, J hook, S hook, cable ferrule, etc.) located at the junction of the snare lock and the terminal end of the cable and shall release at two hundred ninety-five (295) pounds of pressure or less; and the loop size shall not exceed twelve (12) inches in diameter measured from side to side (see diagram below).

TAKING PREDATORY ANIMALS AND PREDACIOUS BIRDS. Predatory animals and predacious birds may be taken without a license.

(2) A copy of the most current statutes or rules and regulations of the applicant's state of residence, which shows that the state issues nonresident trapping licenses that authorize Wyoming residents to trap the same species for which residents of that state may be licensed to trap in that state.

Resident trapping licenses are available from the Cheyenne Headquarters, Department Regional Offices and license selling agents. Nonresident trapping licenses are available only from the Cheyenne Headquarters.

TRAPPING ON STATE LANDS. Written permission from the Director of the Office of State Lands and Investments is required prior to setting a trap or snare on any state lands. The application form may be downloaded from <http://lands.wyo.gov/resources/recreation>.

VEHICLE RESTRICTIONS ON FEDERAL LAND. Sportspersons are advised that many areas of National Forest and Bureau of Land Management lands are subject to travel and vehicle use limitations to protect resources. Maps and additional information regarding these limitations are available at U.S. Forest Service, Bureau of Land Management and other agency offices near these public lands.

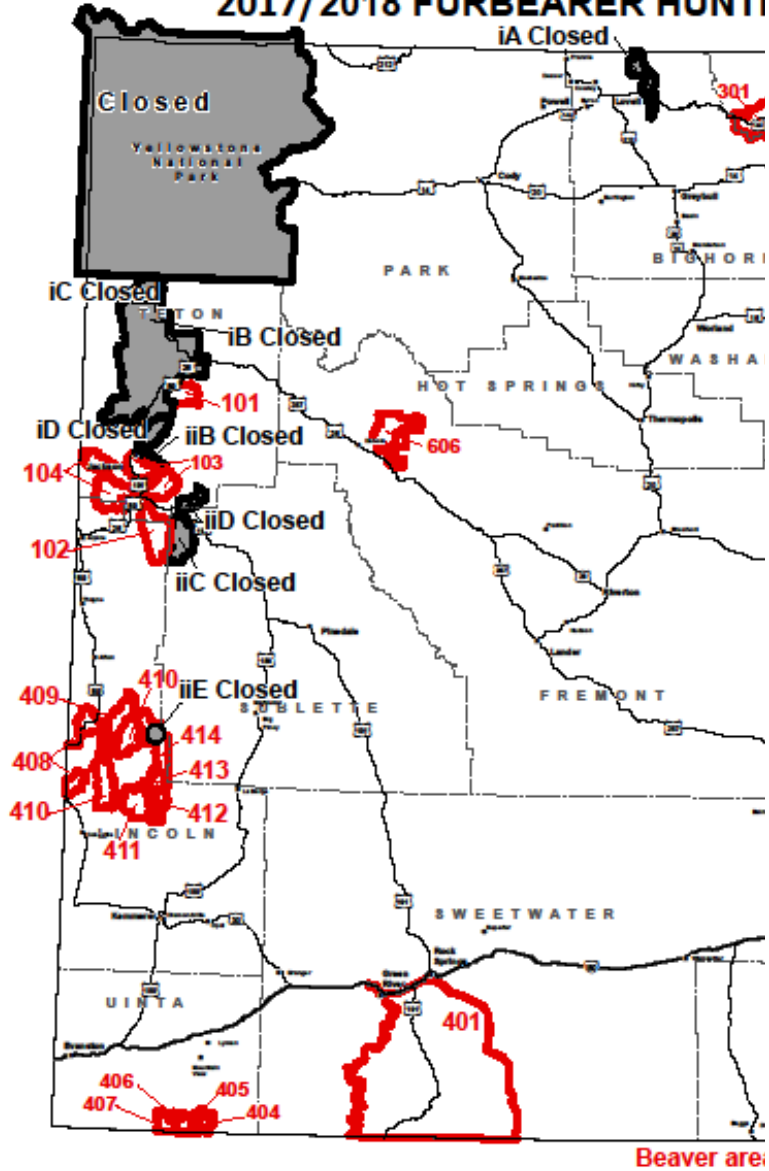

WILDLIFE DAMAGE MANAGEMENT STAMP. The "WILDLIFE DAMAGE MANAGEMENT STAMP" is an optional stamp sportspersons may voluntarily purchase to support activities of the Wyoming Animal Damage Management Board. The Wyoming Legislature originally created the Board to manage rabid wildlife, mitigate crop and livestock damage caused by depredating wildlife, and to protect human health and safety. The legislation developed several sources of funding for the Board to carry out its responsibilities including creation of this management stamp. Purchase of the stamp is not mandatory, but does provide sportspersons a voluntary means to fund predator management.

WILDLIFE VIOLATOR COMPACT. Wyoming is a member of the Wildlife Violator Compact. The Compact enables a violator from any member state to accept a wildlife citation and proceed on their way without being required to post an appearance bond unless the violation requires MUST APPEAR and NO BOND ACCEPTED. The Compact provides for the suspension of wildlife license privileges in the home state of any person whose license privileges have been suspended by a participating state. If you have had your privileges suspended in any of the participating states, you may lose your privileges in Wyoming, in addition to all the participating Compact states. Additional information about the Compact can be obtained by contacting the Wildlife Law Enforcement Coordinator at (307) 233-6413.

WIND RIVER RESERVATION. Only non-Indian owned, fee title lands are open to the taking of wildlife with a State of Wyoming license. Land status is complicated and lawful access must be investigated thoroughly. Sportspersons are advised it is their responsibility to determine land status prior to entering these areas.
