

CHAPTER 14

MIGRATORY GAME BIRD HUNTING SEASONS AND LIGHT GOOSE CONSERVATION ORDER

Section 1. Authority. This regulation is promulgated by authority of Wyoming Statutes § 23-1-302 (a) (i) and § 23-2-105 (d).

Section 2. Hunting Regulations.

(a) Federal Regulations. 50 CFR 20.21(i) revised as of June 4, 2018, which do not include any later amendments or editions of the incorporated matter, governing the baiting of migratory game birds, are adopted as regulations of the Wyoming Game and Fish Commission. Violations of these federal statutes and regulations shall be violations of the Commission regulations. A copy of Title 50 of the Code of Federal Regulations can be viewed at the Cheyenne Headquarters or Department Regional Offices.

(b) Federal Migratory Bird Hunting and Conservation Stamp (federal duck stamp). A federal duck stamp is required for persons sixteen (16) years of age and older to hunt ducks, geese and mergansers. A federal duck stamp is not required to hunt coots, sandhill cranes, crows, mourning doves, rail or snipe. Federal duck stamps shall be signed in ink across the face of the stamp and shall be in possession of the hunter while in the field. Hunters possessing an electronic federal duck stamp are exempted from this signature provision during the time their electronic federal duck stamp is valid.

(c) HIP Permit. Each licensed hunter who hunts migratory game birds shall complete a current Wyoming validation for the National Migratory Bird Harvest Information Program (HIP) and shall obtain a Wyoming HIP permit. This requirement also applies to holders of pioneer and lifetime hunting licenses. Each licensed hunter engaged in the act of hunting doves, ducks, geese, mergansers, coots, rails, cranes or snipe shall be in possession of a Wyoming HIP permit and shall immediately produce said permit upon request from any authorized Department representative. HIP permits shall be signed in ink across the face of the permit and shall be in possession of the hunter while in the field. HIP permits expire on June 30 each year. HIP permits are not transferrable to other states. A separate HIP permit is required from each state in which you hunt. Wyoming HIP permits shall be available only on the Department website. Youths under 14 are not required to obtain a HIP permit if they do not hold a valid game bird license.

(d) No person shall take migratory game birds:

(i) With a trap, snare, net, rifle, pistol, swivel gun, shotgun larger than 10 gauge, punt gun, machine gun, fishhook, poison, drug, explosive or stupefying substance;

(ii) With any shotgun that can hold more than three (3) shells in the

magazine and chamber combined, except during the light goose conservation order (refer to Section 7 of this regulation);

(iii) From a sink box or any low floating device, which has a depression to hide a person underneath the water’s surface;

(iv) From or by means of any motorboat or sailboat unless the motor has been completely shut off or sail furled, and the boat’s progress there from has ceased;

(v) By the use or aid of live decoys. All live, tame or captive ducks and geese shall be removed for a period of ten (10) consecutive days prior to hunting, and shall be confined within an enclosure which substantially reduces the audibility of their calls and totally conceals such birds from the sight of migratory game birds;

(vi) By the use of records or tapes of migratory bird calls or sounds, or electronically amplified imitations of bird calls, except during the light goose conservation order;

(vii) By driving, rallying or chasing migratory game birds with any motor driven land, water or air conveyance or any sailboat.

(e) Nontoxic Shot. No person shall hunt ducks, geese, mergansers or coots while possessing shot other than nontoxic shot. Nontoxic shot is also required when using a shotgun to hunt any game bird on the Commission’s Table Mountain and Springer/Bump-Sullivan wildlife habitat management areas.

(f) Evidence of Species. One fully-feathered wing or the feathered head shall remain naturally attached to the carcass as a means of identification of migratory game birds, except mourning doves, in the field and while the birds are being transported.

If the coupon is removed for transportation of the carcass, it must be in possession of the person accompanying the carcass at all times. When dating a carcass coupon, the entire wedge or block shall be cut out for the date and the month of the kill. The carcass coupon shall be attached to the carcass of a sandhill crane in such a manner as to be plainly visible.
