

WYOMING GOVERNOR'S BIG GAME LICENSE COALITION

Benefitting Wyoming's wildlife and their habitats

- * Wyoming Governor's complimentary big game licenses are made available as authorized by state statute.
- * Governor's licenses are marketed and sold by participating conservation organizations in the Coalition.
- * License proceeds are used to fund various wildlife/conservation projects such as wildlife habitat improvements, conservation easements, wildlife research, and projects to facilitate wildlife movements across roadways.
- * To date, the Coalition has funded over \$9.8 million dollars worth of conservation projects, and nearly \$1.1 million dollars will be allocated to projects from 2020 license sales alone!

Thanks to Governor Gordon for his continued generosity in donating complimentary Governor's licenses to be sold by the Coalition, and for all of the great conservation work that continues to be done by Coalition partner organizations!

Apply now!

**Accepting project applications for wildlife/conservation projects from
Dec. 1, 2020 - January 31, 2021**
