**SUBALPINE LAKES & STREAMS**

**Boating & Fishing Regulations**

In Wyoming, all boating & fishing regulations are established by the Wyoming Game & Fish Department (WGFD). Fishing regulations apply on private & public lands; boating regulations apply on public lands. The following regulations apply in the Snowy Range:

1. **all watercraft will contain at least one U.S. Coast Guard-approved flotation device (i.e. life jacket) for each occupant**
2. **person shall operate a watercraft underway with any child under 12 years old or under unless each child is either wearing a U.S. Coast Guard approved personal flotation device (PFD) or is riding in an enclosed cabin watercraft Certificate of Number must be on board when in use.**
3. **all watercraft (except open boats that are 10 feet in length or less) using Wyoming waters are required to display an Aquatic Invasive Species Decal. Decals may be obtained from the WGFD website or from license dealers.**

For additional information about boating & fishing regulations, please contact the WGFD either at their headquarters in Cheyenne or at their district, regional offices. Some boating regulations are specific to national forests.

**AQUATIC INVASIVE SPECIES**

Only you can stop the spread of invasive species like zebra mussel, dreissenid mussels. These mussels can ruin fisheries, cooling systems for power plants, industrial cooling systems. They can destroy our natural resources.

3. **Clean:** Remove all plants, mud & debris from equipment & hulls. The following practices must be followed when transporting aquatic plants, mud & debris:
   1. **all watercraft underway with any child under 12 years old or under unless each child is either wearing a U.S. Coast Guard approved personal flotation device (PFD) or is riding in an enclosed cabin.**
   2. **all watercraft certificates of number must be on board when in use.**
   3. **all watercraft (except open boats that are 10 feet in length or less) using Wyoming waters are required to display an Aquatic Invasive Species Decal. Decals may be obtained from the WGFD website or from license dealers.**

For additional information about boating & fishing regulations, please contact the WGFD either at their headquarters in Cheyenne or at their district, regional offices. Some boating regulations are specific to national forests.

**Travel Restrictions**

Alpine & subalpine ecosystems are fragile & require some protection from both motorized & non-motorized travel. Vegetation is easily damaged or destroyed in the harsh Snowy Range environment & the soils that support them are often shallow & vulnerable to erosion or they are water saturated & vulnerable to rat. Anglers should remain on designated trails in the Snowy Range to avoid damaging plants unnecessarily & to avoid creating redundant trails. Motorized travel in the Snowy Range is restricted to designated, open-use routes (see free Travel Management maps). Most of the Snowy Range is closed to motorized travel, except in winter.

**Boating & Fishing in the Snowy Range**

In Wyoming, all boating & fishing regulations are established by the Wyoming Game & Fish Department (WGFD). Fishing regulations apply on private & public lands; boating regulations apply on public lands. The following regulations apply in the Snowy Range:
