

Driving Directions: From Dubois, go about 10 miles east on Highway 26/287. Look for a sign on your left next to a good gravel road with separate signs indicating the East Fork Road and the WGFD Spence/Moriarity and Inberg/Roy WHMA. Turn left here and go about 6.5 miles to the bridge over the Wiggins Fork (enters from the north). The Wiggins Fork joins the East Fork about 1/4 mile downstream (south) from the bridge. This East Fork instream flow segment begins at the confluence of the two streams and extends upstream about 1.6 miles. There are parking areas to access this segment including one that's about 1/4 mile back south of the bridge as well as on the right (Long Meadow parking area) about 1.5 miles further up the main East Fork road.
