

Driving Directions: From Hoback Junction south of Jackson, go about 14 miles east on Highway 26 (or 5 1/2 miles from Bondurant) to where US Forest Service road 30530 takes off on the south side of the highway. The instream flow segment begins at the confluence of Cliff Creek and the Hoback River and extends upstream about 2.3 miles. The USFS road 30530 parallels the stream over the entire length.
