

## List of Tables

### I. Introduction

#### *Wyoming's 2017 Conservation Approach*

Table 1. Eight Required Elements for SWAPs

Table 2. Road Map to Required SWAP Elements

### II Leading Conservation Challenges

Table 1a Vulnerability ranking for 2010 SGCN birds

Table 1b Vulnerability ranking for 2010 SGCN amphibians

Table 1c Vulnerability ranking for 2010 SGCN reptiles

Table 1d Vulnerability ranking for 2010 SGCN mammals

### III. Habitats

#### *Introduction*

Table 1. Wyoming SWAP Terrestrial Habitat Types

Table 2. Wyoming SWAP Aquatic Basins

Table 3. Habitat Intactness Methodology Weights, Distance Decay Functions, and Cutoff Distances

Table 4. GAP Land Management Status Categories

#### *Terrestrial Habitats*

Table 1. Wyoming Aspen/Deciduous Forest NatureServe Ecological Systems

Table 2. Wyoming Aspen/Deciduous Forest Species of Greatest Conservation Need

Table 3. Wyoming Cliffs, Canyons, and Rock Outcrops NatureServe Ecological Systems

Table 4. Wyoming Cliffs, Canyons, Caves, and Rock Outcrops Species of Greatest Conservation Need

Table 5. Wyoming Desert Shrublands NatureServe Ecological Systems

Table 6. Wyoming Desert Shrublands Species of Greatest Conservation Need

Table 7. Wyoming Foothill Shrublands NatureServe Ecological Systems

Table 8. Wyoming Foothill Shrublands Species of Greatest Conservation Need

Table 9. Wyoming Montane and Subalpine Forests NatureServe Ecological Systems

Table 10. Wyoming Montane and Subalpine Forests Species of Greatest Conservation Need

Table 11. Wyoming Mountain Grasslands and Alpine Tundra NatureServe Ecological Systems

Table 12. Wyoming Mountain Grasslands and Alpine Tundra Species of Greatest Conservation Need

Table 13. Wyoming Prairie Grasslands NatureServe Ecological Systems

Table 14. Wyoming Prairie Grasslands Species of Greatest Conservation Need

Table 15. Wyoming Riparian NatureServe Ecological Systems

Table 16. Wyoming Riparian Species of Greatest Conservation Need

Table 17. Wyoming Sagebrush Shrublands NatureServe Ecological Systems

Table 18. Wyoming Sagebrush Shrublands Species of Greatest Conservation Need

Table 19. Wyoming Wetlands NatureServe Ecological Systems

Table 20. Wyoming Wetlands Species of Greatest Conservation Need

Table 21. Wyoming Wetlands Conservation Strategy

Table 22. Wyoming Xeric and Lower Montane Forests NatureServe Ecological Systems

Table 23. Wyoming Xeric and Lower Montane Forests Species of Greatest Conservation Need

#### *Aquatic Basins*

Table 1. Fishes present in the Bear River Basin

Table 2. Species of Greatest Conservation Need present in the Bear River Basin

Table 3. Fishes present in the Green River Basin

Table 4. Species of Greatest Conservation Need present in the Green River Basin

Table 5. Fishes present in the Northeastern Missouri Basin

Table 6. Species of Greatest Conservation Need present in the Northeastern Missouri Basin

Table 7. Fishes present in the Platte River Basin

Table 8. Species of Greatest Conservation Need present in the Platte River Basin

Table 9. Fishes present in the Snake/Salt River Basin

Table 10. Species of Greatest Conservation Need present in the Snake/Salt River Basin

Table 11. Fishes present in the Yellowstone River Basin

Table 12. Species of Greatest Conservation Need present in the Yellowstone River Basin

#### **IV. Species of Greatest Conservation Need**

##### *Introduction*

Table 1. 2010 SWAP Native Species Status Matrix

Table 2. Description of SWAP NSS Matrix Limiting Factors

Table 3. Wyoming 2010 SGCN

## List of Figures

### II. Leading Conservation Challenges

- Figure 1. Wyoming Climate Change Vulnerability
- Figure 2. Wyoming Climate Change Exposure
- Figure 3. Wyoming Climate Change Resilience
- Figure 4. Oil and Gas Development Exposure
- Figure 5. Wind Development Exposure
- Figure 6. Residential Development Exposure

### III. Habitats

#### *Introduction*

- Figure 1. SWAP Terrestrial Habitat Types
- Figure 2. SWAP Aquatic Basins
- Figure 3. Climate Change Habitat Vulnerability
- Figure 4. Residential Development Habitat Vulnerability
- Figure 5. Oil and Gas Development Habitat Vulnerability
- Figure 6. Wind Development Habitat Vulnerability
- Figure 7. Terrestrial Habitat Land Ownership
- Figure 8. Current Terrestrial Habitat Integrity
- Figure 9. Species Richness SGCN Map Layer
- Figure 10. Habitat Intactness Map Layer
- Figure 11. Land Management Status Map Layer

#### *Terrestrial Habitats*

- Figure 1. Wyoming Aspen/Deciduous Forests
- Figure 2. Aspen/Deciduous Forest Vulnerability Analysis
- Figure 3. Wyoming Cliffs, Canyons, and Rock Outcrops
- Figure 4. Cliffs, Canyons, Caves, and Rock Outcrops Vulnerability Analysis
- Figure 5. Wyoming Desert Shrublands
- Figure 6. Desert Shrublands Vulnerability Analysis
- Figure 7. Wyoming Foothill Shrublands
- Figure 8. Foothill Shrublands Vulnerability Analysis
- Figure 9. Wyoming Montane and Subalpine Forests
- Figure 10. Montane and Subalpine Forests Vulnerability Analysis
- Figure 11. Wyoming Mountain Grasslands and Alpine Tundra
- Figure 12. Mountain Grasslands and Alpine Tundra Vulnerability Analysis
- Figure 13. Wyoming Prairie Grasslands
- Figure 14. Prairie Grasslands Vulnerability Analysis
- Figure 15. Wyoming Riparian Areas
- Figure 16. Riparian Areas Vulnerability Analysis
- Figure 17. Wyoming Sagebrush Shrublands
- Figure 18. Sagebrush Shrublands Vulnerability Analysis
- Figure 19. Wyoming Wetlands
- Figure 20. Wetlands Vulnerability Analysis
- Figure 21. Priority Wetland Complexes Identified by the Wyoming Joint Ventures Steering Committee
- Figure 22. Integrity Scores of Wyoming Wetland Complexes
- Figure 23. Species Diversity of Wyoming Wetland Complexes
- Figure 24. Vulnerability of Wyoming Wetland Complexes

Figure 25. Wyoming Xeric and Lower Montane Forests

Figure 26. Xeric and Lower Montane Forests Vulnerability Analysis

*Aquatic Basins*

Figure 1. Bear River Basin

Figure 2. Aquatic Wildlife Conservation Areas in the Bear River Basin

Figure 3. Green River Basin

Figure 4. Aquatic Wildlife Conservation Areas in the Green River Basin

Figure 5. Northeastern Missouri River Basin

Figure 6. Aquatic Wildlife Conservation Areas in the Northeastern Missouri River Basin
