## The Lone Tree Creek Hunter Management Area 2020

The Hunter Management Program, as part of the Wyoming Game and Fish Department's Access Yes Program, manages hunters on large sections of private lands and, by doing so, preserves hunting opportunities for Wyoming hunters. A Hunter Management Area (HMA) may refer solely to private lands or a combination of private, state trust, and federal lands within ranch boundaries.

**The Lone Tree Creek Hunter Management Area** is located west of Cheyenne and south of Exit 342 on I-80 on property belonging to the City of Cheyenne. This land provides a home for livestock and a large diversity of wildlife such as deer, antelope, elk, waterfowl and rabbits, as well as many nongame species.

Hunters must obtain written permission prior to hunting on the HMA. **Each** hunter must have a complete permission slip with them and each vehicle must have a vehicle identification slip visible on the dash, windshield, or mirror. As part of the HMA agreements, each access area has a unique set of ranch rules, created cooperatively with the landowners. It is the hunters' responsibility to know, understand and comply with all Ranch Rules and Game and Fish Commission Regulations. Failure to comply may result in fines and/or the termination of access privileges.

ALL railroad crossings on this HMA are private. No vehicular or foot travel is permitted on or across railroad rights of way.

**Hunters:** Don't let the illegal riders and gate-busters degrade big game habitat and steal our hunting opportunities.

**Report  
all illegal  
off-road abuse!**
