**National Elk Refuge (NER)**

**Hunting Information**

Welcome
The National Elk Refuge was established in 1912 in Jackson, Wyoming as a winter game elk reserve to protect winter habitat for migratory elk. The 24,700-acre Refuge supports a variety of plants and animals with its grasslands, wetlands, and forests.

**Elk**

Elk hunters may fill up to three WGFD elk licenses on a single Refuge permit. Elk hunters are limited to possessing no more than 7 cartridges per license. Harvest Reports are included with every Refuge permit and must be completed for each hunt period drawn, whether successful or not. Directions for submission are on the Harvest Report.

Following harvest, elk hunters may use retrieval roads starting at 10:00 am. Elk hunters are allowed one assistant and must ensure that assistant is compliant with all Refuge regulations.

- **Firearms**
  - Persons possessing, transporting, or carrying firearms on National Wildlife Refuge System lands must comply with all provisions of federal, state, and local law.
  - Persons may only use (discharge) firearms in accordance with refuge regulations (50 CFR 27.42 and specific Refuge regulations in 50 CFR Part 32).

General Hunting Regulations
Hunting regulations are designed to provide safe recreational opportunities through wise use of renewable wildlife resources. Hunting is permitted in accordance with Federal regulations governing public use on National Wildlife Refuges as set forth in Title 50 of the Code of Federal Regulations. Hunting will be in accordance with applicable State of Wyoming regulations subject to the conditions stated below. Brochures may be obtained by mail, at the Refuge headquarters, or from the Refuge website.

- **Ammunition**
  - Antelope hunters are limited to possessing no more than 7 cartridges per license.

Following harvest, bison and white-tailed deer hunters may use retrieval roads immediately. White-tailed deer hunters are allowed one assistant and must ensure that assistant is compliant with all Refuge regulations.

- **Firearms**
  - Antelope hunters are limited to possessing no more than 7 cartridges per license.
  - Harvest Reports are included with every Refuge permit and must be completed for each hunt period drawn whether successful or not. Directions for submission are on the Harvest Report.

- **Ammunition**
  - White-tailed deer hunters are required to participate in a Chronic Wasting Disease sampling program by depositing the animal’s head at a collection box or allowing a biologist to collect samples in the field. Hunters are advised to take personal safety precautions by wearing rubber gloves while field dressing. All antler tags and radio collars from harvested animals must be returned to the Refuge or WGFD, Jackson Regional Office.
  - Antelope hunters are limited to possessing no more than 7 cartridges per license.
  - Harvest Reports are included with every Refuge permit and must be completed for each hunt period drawn whether successful or not. Directions for submission are on the Harvest Report.

- **Hunting activities prohibited on the Refuge**
  - Intentional herding or harassment of wildlife.
  - Discharging firearms other than for lawful hunting (i.e. target shooting and sighting).
  - Indiscriminate shooting, shooting multiple times into a running herd, or injuring multiple animals.
  - Shooting from parking areas or any road.
  - Interfering with or harassing other hunters.
  - Using decays outside the Archery Only Area or using blinds that completely obstruct visible fluorescent orange or fluorescent pink camouflage is legal.

Accessibility
Equal opportunity to participate in and benefit from programs and activities of the U.S. Fish and Wildlife Service is available to all individuals regardless of physical or mental ability. For more information please contact the U.S. Department of the Interior, Office of Equal Opportunity, www.doi.gov/accessibility.

National Elk Refuge
What are the requirements for animal retrieval?
• If retrieving after dark, hunters should notify Refuge staff by leaving a message on the Refuge Hunt Information Line at 307 / 201-5437.
• Hunters may not leave animal parts, including gut piles and carcasses, within 300 feet of parking areas and public roads.
• No game retrieval is allowed through Grand Teton National Park. This includes retrieval to Gros Ventre parking areas at Milepost 1.1 and 2.3. If retrieving to Highway 89 lot, hunters must bring their vehicle inside the gate to load the animal at the Highway 89 lot.

What should I do before I pursue an injured animal off or onto the Refuge?
Prior to December 1, if an injured animal crosses from the National Forest onto the Refuge, or if retrieval would be more efficient through the Refuge hunters should call the Refuge Hunt Information Line and leave a message describing their situation and plan for recovery.

Following this notice, the hunter may pursue or retrieve the animal as planned, giving consideration to limiting any resource damage. Beginning December 1, Forest Service lands adjacent to the Refuge are closed to all human presence per winter travel restrictions.

If the injured animal crosses into Grand Teton National Park, the hunter must immediately notify Teton Interagency Dispatch at 307 / 739-3301.

What regulations apply to non-hunting assistants?
• Assistants must stay within 50 yards of the permitted hunter, unless retrieving.
• All assistants during an open firearm season shall wear in a visible manner two (2) or more exterior garments of a fluorescent orange or fluorescent pink color that is visible 360 degrees and that shall include a hat and one of the following: shirt, jacket, coat, vest, or sweater. Fluorescent orange or fluorescent pink camouflage is legal.

What guide and retrieval companies are permitted to operate on the National Elk Refuge?
Commercial guiding and retrieval services may be available. The company currently authorized to operate on the Refuge is Double Diamond Tag-n-Drag 307 / 248-1490.

Does the Refuge allow Wyoming hunter assistance and programs for hunters with disabilities?
Hunters enrolled in the WGFD Hunter Mentor Program may receive a Refuge permit. The Refuge encourages hunters with disabilities to participate in the hunt program and offers reasonable accommodation for the activity. Hunters who have both a WGFD Disabled Hunter Permit and a Refuge hunting permit are eligible to reserve one of two designated hunt sites. Reservations must be made at the Refuge Administrative Offices at 675 E. Broadway in Jackson, WY. The reservation is limited to a 3-day period. The WGFD Disabled Hunter Companion Permit is also valid on the Refuge. Contact WGFD for further information on these programs.

What hunting areas can I hunt, and what are their restrictions?
All hunt areas must be accessed from designated parking lots or direct access routes that correspond to the legal hunting method allowed in that area. All Refuge hunting areas have specific restrictions.

What else do I need to know?
• Prior to the start date of their hunt period, hunters may only access Refuge areas open to the general public.
• Hunters are only allowed in hunt areas when they have a Refuge permit and a valid matching license.
• Refuge roads or parking areas may be closed or inaccessible due to inclement weather or management decisions.
• Use of non-lead ammunition is encouraged.
• During high fire danger, a fire extinguisher and shovel are recommended.
• Grizzly bears frequent the Refuge. Carrying bear spray is recommended.
• Bicycles, including e-bikes, can be used for hunting and retrieval purposes, but must stay on designated public roads and in designated parking lots, or on retrieval roads.

National Elk Refuge Hunt Information Line
Hunters are encouraged to call the Hunt Information Line at 307 / 201-5437 for weekly updates on National Elk Refuge Hunts.

Archery Only Areas
Hunters must carry and are restricted to possessing only a bow or crossbow legal for taking game as defined by the WGFD. Hunters must be at least 200 yards from all residences and the National Fish Hatchery. After November 1, the Archery Hunting Area along Highway 89 may be accessed by either the Fishing or Hatchery gate parking areas.

Limited Range Areas
Hunters must carry and are restricted to possessing only limited range weapons, including handguns, muzzle loading rifles, shotguns with slugs, or archery equipment legal for taking the game species they are hunting as defined by the WGFD. Handguns are further restricted to straight-walled cartridges with a barrel length no longer than 12 inches.

Any Weapon Areas
Hunters may hunt with any legal weapon for taking the game species they are hunting as defined by WGFD.

Refuge Youth Hunter Development Program
The Youth Hunter Development Program on the Refuge provides opportunities for youth mentoring when the adult has drawn a permit and wishes to hunt with a licensed youth that has not drawn a permit. This program does not allow an adult to hunt when the licensed youth hunter draws a permit, but the adult did not. For more information, please call the Refuge Hunt Information Line.

Per Wyoming Statue, any hunter that is 12 or 13 years old shall at all times be accompanied by an adult who possesses and can exhibit a hunter safety certificate, or who currently holds or has been issued a Wyoming big game hunting license within the last five years. If the person who is accompanying the hunter under the age of 14 years old is not the parent or guardian of the hunter, the hunter shall have in their possession a permission slip signed by their parent or guardian allowing them to hunt under supervision. Each accompanying adult shall supervise only one hunter under the age of 14 years.
