The Pass Creek Basin Hunter Management Area 2020

The Hunter Management Program, as part of the Wyoming Game and Fish Department's Access Yes Program, manages hunters on large sections of private lands and, by doing so, preserves hunting opportunities for Wyoming hunters. A Hunter Management Area (HMA) may refer solely to private lands or a combination of private, state trust, and federal lands within ranch boundaries.

The Pass Creek Basin HMA is located approximately twenty miles northeast of Saratoga on the Pass Creek Road (Carbon County Road 404) on property belonging to the Basin Ranch Corporation. As part of the Hunter Management Area agreement, a unique set of Ranch Rules is created cooperatively with the landowner. It is the hunters' responsibility to know, understand and comply with all Ranch Rules and Game and Fish Commission Regulations. Hunters agree to comply with these rules in order to access the Hunter Management Area. Failure to comply will likely result in fines and/or the termination of access privileges.

ONLY CERTAIN ESTABLISHED ROADS are open to motorized travel on this HMA. Established roads are defined as "a road or trail which has been graded or constructed to carry motorized vehicular traffic or on which repeated motorized vehicular traffic has created well-defined tracks." Watch for signs marking roads closed to motor vehicles!

Hunters: Don't let the illegal riders and gate-busters degrade big game habitat and steal our hunting opportunities.

**Report
all illegal
off-road abuse!**
