Get hooked on some adventure this summer!

Camp Wild is a 5-day overnight camp experience for students entering 9th - 10th grade.

Camp Wild at Whiskey Mountain Conservation Camp offers an overnight camp experience for students entering 9th - 10th grade for the 2019-2020 school year. Both the boys camp and girls camp will focus on exploration of nature, introduction to conservation principles, practicing science, and learning new recreational outdoor activities while giving participants experiences to successfully navigate and positively interact with the outdoor environment. These camps, led by Wyoming Game & Fish Department staff, will allow participants to observe the natural world, engage in wildlife, fish, and habitat biology, and recreate responsibly in the outdoors. Participants will need to bring proper clothing and footwear for outdoor exploration as well as a sleeping bag and other overnight gear. Transportation to and from camp is not provided. Meals will be provided for the duration of the camp.

**Dates for the five day, four night camp near Dubois, WY:**

- **July 16-20** — Girls Conservation Camp @ Whiskey Mountain (Tuesday - Saturday). Cost = $150
- **July 23-27** — Boys Conservation Camp @ Whiskey Mountain (Tuesday - Saturday). Cost = $150

**Deadline to register is June 1 — space is limited!**

(Scholarships are available: download an application off the registration webpage - due by March 30)
