¹ Enter name of Department approved fish hatchery or live baitfish dealer license holder name and license number at the time of the transaction. Note – a seining license holder shall not sell live baitfish without first possessing a valid live baitfish dealer's license.

² Enter the drainage where wild caught fish were seined or trapped or hatchery location (city, state) if obtained from a Wyoming Commercial fish hatchery license holder or an out-of-state Department approved fish hatchery.

³ If live baitfish dealer is returning unused baitfish to the facility, enter "Self" for Vendor and leave Source field blank.

Signature:

These records must be maintained at your facility and available for inspection by Department personnel. At the end of the year all records must be mailed or delivered to a Department regional office or to Cheyenne Headquarters (Fish Division). Retain a copy for your records.
