Correspondence

For questions about hunting in Wyoming, call one of Wyoming Game and Fish Department's Regional Offices (contact info available online at <https://wgfd.wyo.gov/regional-information>), or contact our statewide Customer Service staff at wgf-contact@wyo.gov or (307) 777-4600.

Acknowledgements

This report was completed through a partnership with the Wyoming Game and Fish Department and the Wyoming Survey and Analysis Center at the University of Wyoming. As always, we are indebted to the many sportspersons who completed a survey questionnaire and shared valuable information about their hunting experience.

Executive Summary

Each year the Wyoming Game and Fish Department surveys deer hunters to estimate the number of animals harvested, hunter success, and hunter effort. This information helps Game and Fish manage mule deer and white-tailed deer populations and plan next year's hunting seasons. The harvest statistics presented in this report were estimated based on 18,116 responses to a voluntary harvest survey sent to holders of 55,802 licenses and extrapolated to represent the 60,646 licenses issued. We estimate that 26,637 deer (15,004 mule deer and 11,633 white-tailed deer) were harvested in Wyoming during the 2024 hunting season.

Note: The harvest estimates and associated confidence interval and success margin of error are for buck harvest for licenses that allow buck harvest and doe harvest for licenses that do not allow buck harvest. The statewide grand total and type-level totals include harvest of bucks, does, and fawns.

Note: License level confidence intervals are based on estimated total license success rates (harvests / number sold).

Note: Success 90% margin of error was less than or equal to ±10% for 5 of 5 (100%) limited quota licenses where a non-census sample was taken.

Note: The number of usable surveys was at least 26% of sales for 20 of the 41 deer general license strata.

Note: The harvest estimates and associated confidence interval and success margin of error are for buck harvest for licenses that allow buck harvest and doe harvest for licenses that do not allow buck harvest. The statewide grand total and type-level totals include harvest of bucks, does, and fawns.

Note: License level confidence intervals are based on estimated total license success rates (harvests / number sold).

Note: Success 90% margin of error was less than or equal to $\pm 10\%$ for 46 of 51 (90%) limited quota licenses where a non-census sample was taken.

Note: The number of usable surveys was at least 26% of sales for 15 of the 36 deer general license strata.
