Correspondence

For questions about hunting in Wyoming, call one of Wyoming Game and Fish Department's Regional Offices (contact info available online at <https://wgfd.wyo.gov/regional-information>), or contact our statewide Customer Service staff at wgf-contact@wyo.gov or (307) 777-4600.

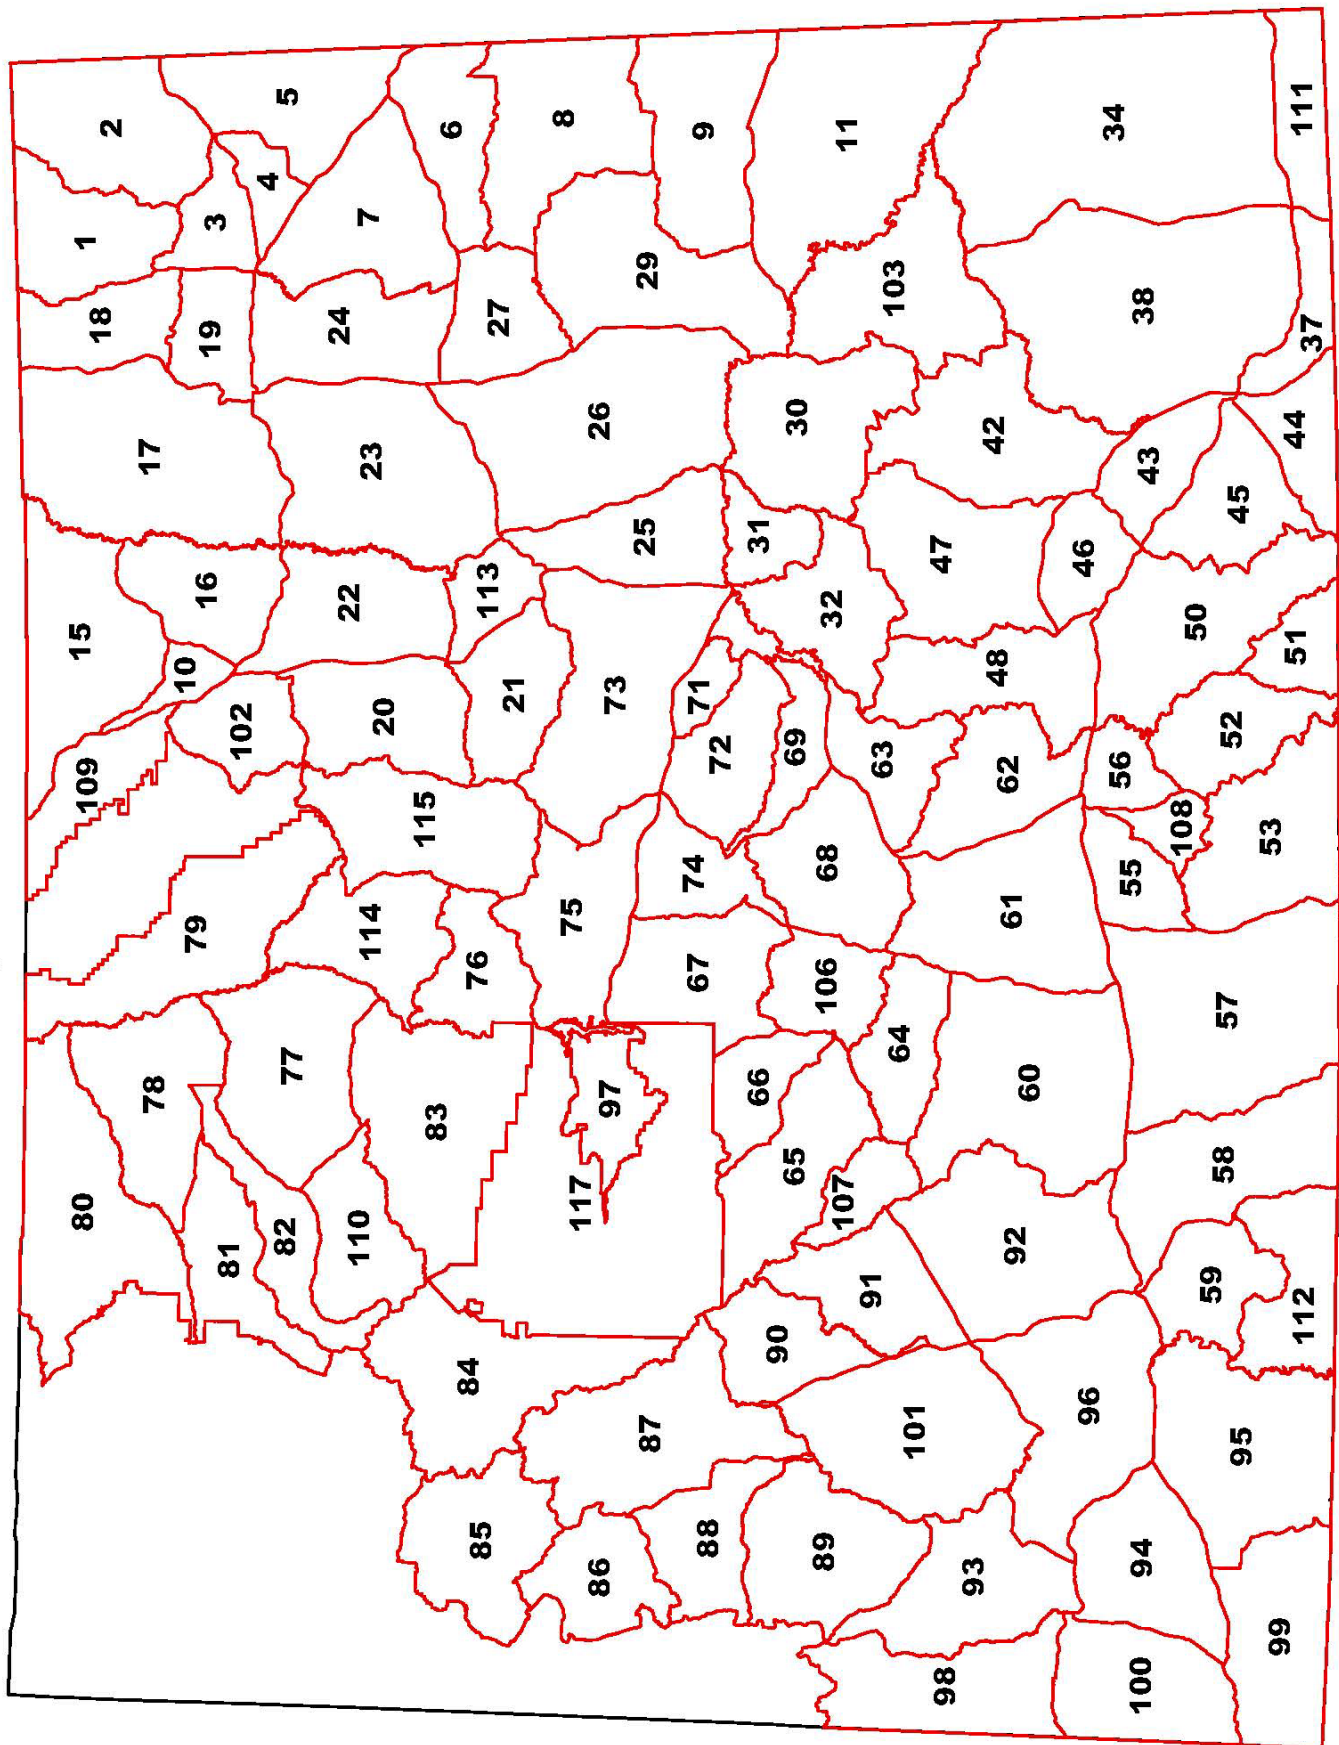

Acknowledgements

This report was completed through a partnership with the Wyoming Game and Fish Department and the Wyoming Survey and Analysis Center at the University of Wyoming. As always, we are indebted to the many sportspersons who shared valuable information about their hunting experience by completing a survey questionnaire.

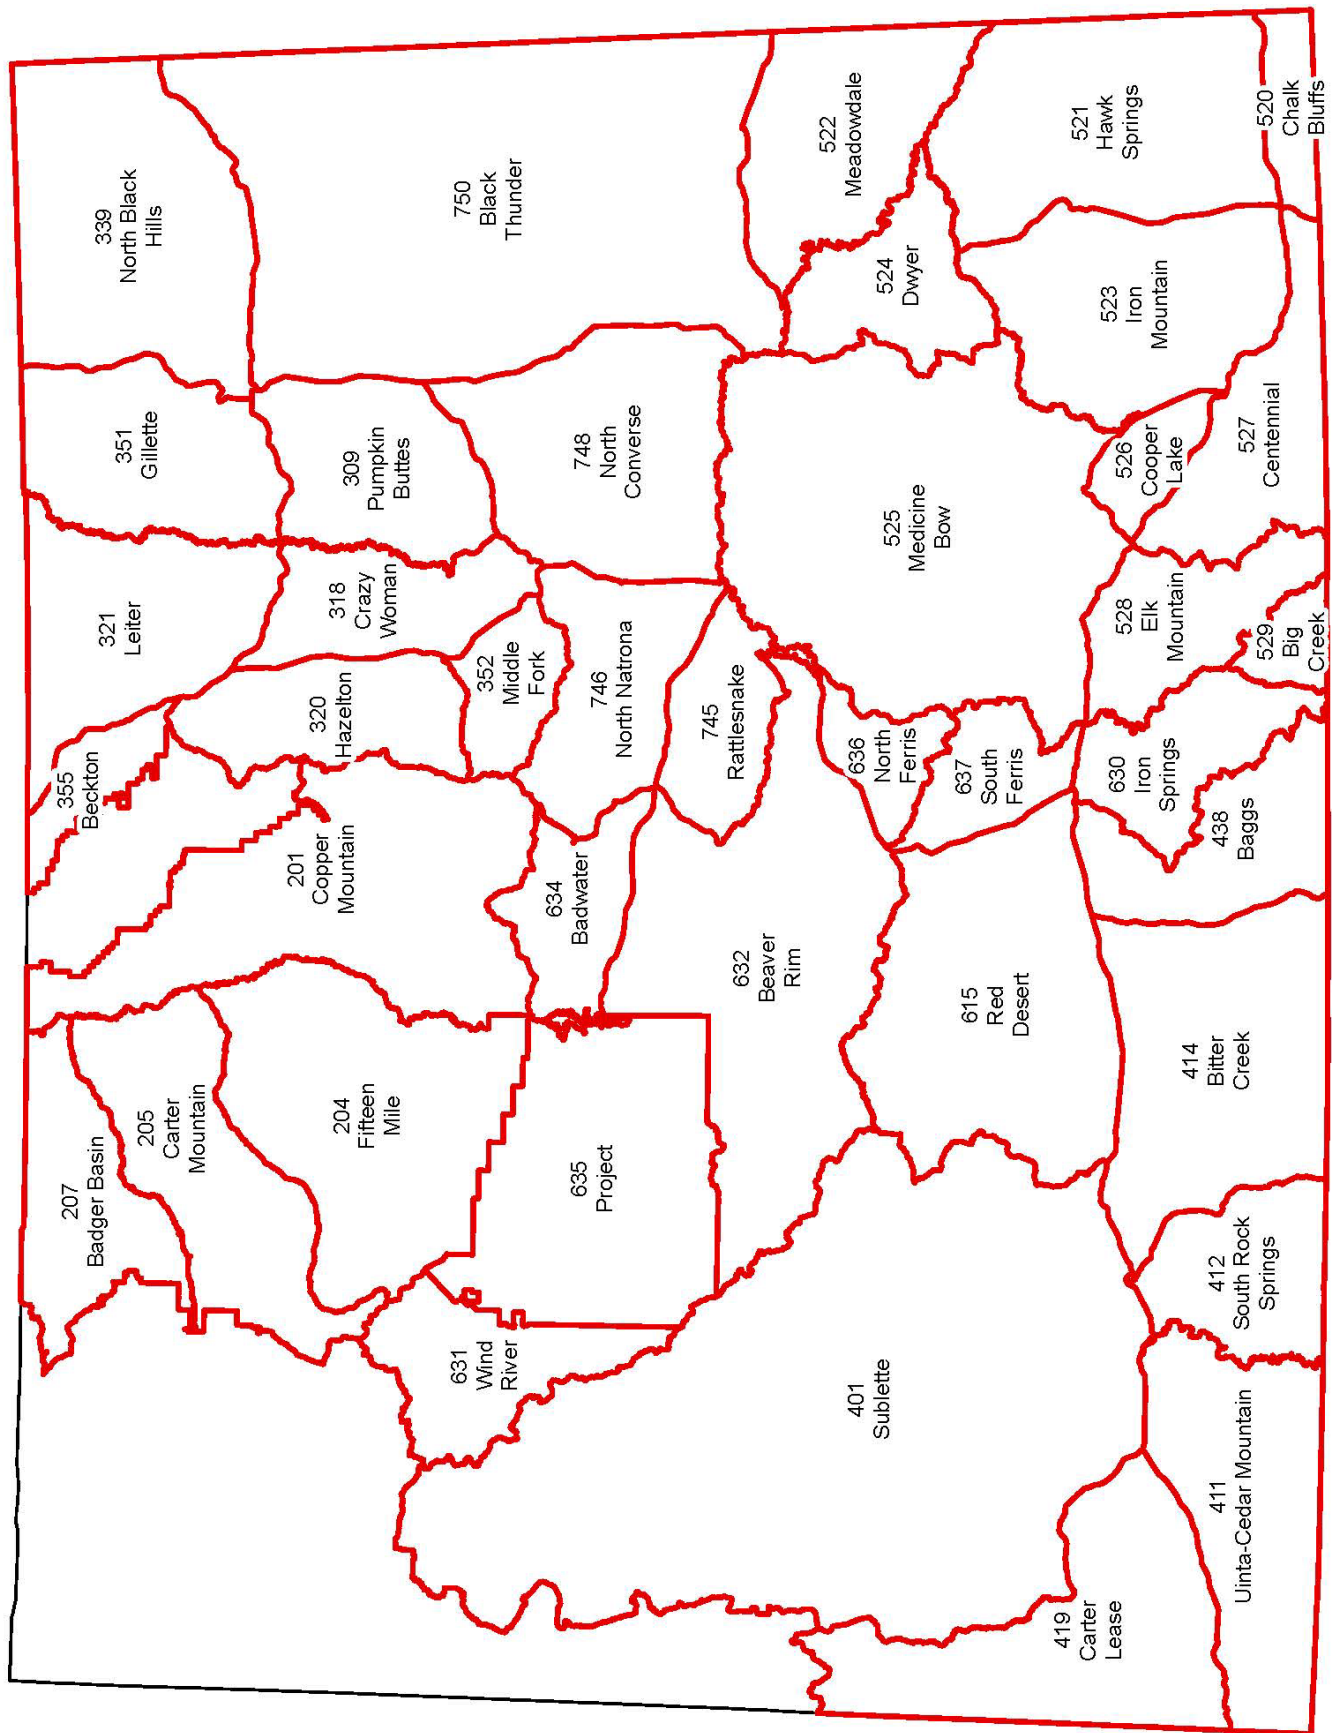

Executive Summary

Each year the Wyoming Game and Fish Department surveys antelope hunters to quantify harvest, hunter success, and hunter effort. This information helps the Game and Fish manage antelope populations and plan next year's hunting seasons. The harvest statistics presented in this report were estimated based on 10,000 responses to a voluntary harvest survey sent to 19,373 license holders and extrapolated to represent the 32,025 licenses issued. We estimate 22,766 antelope were harvested in Wyoming during the 2025 hunting season.

Table 3: Harvest Statistics by Hunt Area

Summary of estimated antelope harvest statistics for each Hunt Area and license Type for the 2025 hunting season in Wyoming. "Cross area" indicates licenses valid in or from other Hunt Areas. "Active Lics" (rows above dividing line) excludes licenses that were unused. "Active Htrs" (rows under dividing line) excludes hunters who did not hunt. The "Active Lics/Htrs" column does not always sum because the top rows labeled with a license Type count licenses, the bottom rows labeled with "Total", "Resident", or "Nonresident" count hunters, and some hunters hold multiple licenses.

Hunt Area	(cross area)	Type	Active Lics/Htrs	Harvest				Hunter Days	Hunter Success (%)	Days/Harvest	Licenses Sold (cross incl.)

Table 4: Harvest Statistics by Herd Unit

Summary of estimated antelope harvest statistics for each Herd Unit and license price group for the 2025 hunting season in Wyoming. "Price" is separated into either Full (i.e., Full-price limited quota licenses; Types 0-2, 9), Reduced (i.e., Reduced-price limited quota licenses; Types 6-8). "Active Lics" (rows above dividing line) excludes licenses that were unused. "Active Htrs" (rows under dividing line) excludes hunters who did not hunt. The "Active Lics/Htrs" column does not always sum because the top rows labeled with a price group count licenses, the bottom rows labeled with "Total", "Resident", or "Nonresident" count hunters, and some hunters hold multiple licenses.

Herd Unit	Price	Active Lics/Htrs	Harvest				Hunter Days	Hunter Success (%)	Days/ Harvest	Licenses Sold (cross incl.)

Table 8: Survey Effort and Response Rate by Hunt Area and License Type

Survey effort and response rate for each Hunt Area and license Type for which licenses were issued. "Response Target" is the number of responses needed to meet sample size targets. "Surveyed" is the number of licenses randomly selected to receive a survey and is greater than "Response Target" because response rates are < 100%. "Responses" is the number of licenses for which a usable survey response was received.

Hunt Area	Type	Quota	Licenses	Response Target	Surveyed	Responses	Responses/ Surveyed (%)	Responses/ Target (%)	Responses/ Licenses (%)
1	1	400	403	86	159	99	62.3	115.1	24.6
