Wyoming Conservation Efforts (WyCED)

LOOK AND FEEL

WYOMING GEOGRAPHIC INFORMATION SCIENCE CENTER
WyGISC

Conservation Effort

Prescribed Burns

Habitat Improvements

Annual Grasses and Weeds

Fence Removal/Markings

Private Easements

Predator Abatement

Participation in WyCED

- Minimal Data Requirements
  - Allows for the collection of spatial data
  - Update Statewide Disturbance Inventory
  - Future use in Vegetation Monitoring Web Application
- Private Land Reporting Units (Pending USGS Lek Cluster Data)
  - Private land data generalized to a consistent area
  - Biologically significant unit
  - Over 7 landowners per unit

WyCED – Project Types

- Easements
- Wildfire Restoration
- Habitat Improvement
  - Fence (Marking, Modification, Removal)
  - Powerline (Burial, Retrofitting / Modification)
  - Road and Trail (Closure, Rerouted)
  - Treatments (Annual Grass. Noxious Weed, Conifer Removal)
  - Habitat Enhancement and Reclamation
  - Riparian, Wet Meadow or Spring Restoration
  - Structure Removal
