

**Proposed Mitigation Credit Provider: Pre-Screening Worksheet**

*\*indicates attachments to be provided by proponent*

1. Property Name:
2. Contact Information:
3. General location map with minimum 4-mile buffer around property.\*
4. Current map showing boundaries of property, including the 4-mile buffer, proposed for inclusion in the project and land ownership (surface).\*
5. Current map showing mineral ownership within the boundaries of the property, including the 4-mile buffer, proposed for inclusion in the project.\*
6. Color photos including aerial photos that reflect current conditions of the property, including the 4-mile buffer.\*
7. Map of proposed credit service area.\*
8. Site/property conditions description : sage-grouse habitat, vegetation and wildlife species present, past and present land uses (BRIEF):

- |   |                          |                          |
|---|--------------------------|--------------------------|
| 9. History of property  | YES                      | NO                       |
| a. Has it been used to provide credits before?  | <input type="checkbox"/> | <input type="checkbox"/> |
| b. Is the property designated for purposes inconsistent with habitat conservation?  | <input type="checkbox"/> | <input type="checkbox"/> |
| c. Has the property been acquired by a public entity or provided to a jurisdiction? (excludes lands purchased by state and local agencies specifically for mitigation purposes) | <input type="checkbox"/> | <input type="checkbox"/> |
| d. List any portion(s) of the property that is subject to Land restrictions or have benefited from public funding (e.g. Farm Bill Programs, WVNRT, etc.)                        | <input type="checkbox"/> | <input type="checkbox"/> |

10. Revised Greater Sage-Grouse Compensatory Mitigation Framework – Mandatory Components Worksheet (pg. 2)\*

**Proposed Mitigation Credit Provider: Pre-Screening Worksheet**

*\*indicates attachments to be provided by proponent*

**Revised Greater Sage-Grouse Compensatory Mitigation Framework – Mandatory Components Worksheet**

*A “no” answer to any of the questions below does not necessarily disqualify the proposal.*

- |  | YES                      | NO                       |
|--|--------------------------|--------------------------|
| 1. <u>Occupancy:</u>   |                          |                          |
| a. Is the property occupied by greater sage-grouse?  | <input type="checkbox"/> | <input type="checkbox"/> |
| b. Is the property within 5.3 miles of an active lek?  | <input type="checkbox"/> | <input type="checkbox"/> |
| 2. <u>Disturbance:</u>   |                          |                          |
| a. Is disturbance within the area being proposed <10% and ≤1 per 640 as measured by a modified DDCT?<br>Link: ( <a href="http://ddct.wygisc.org">http://ddct.wygisc.org</a> ) *    | <input type="checkbox"/> | <input type="checkbox"/> |
| 3. <u>Durability:</u>  |                          |                          |
| a. Will the proposed credits be in place in perpetuity?  | <input type="checkbox"/> | <input type="checkbox"/> |
| b. Will the proposed credits be in place for >50 years?  | <input type="checkbox"/> | <input type="checkbox"/> |
| c. Describe what measures will be in place to ensure long-term availability of credits being developed (minimum life of project).  | <input type="checkbox"/> | <input type="checkbox"/> |
| 4. <u>Financial Assurances/Replacement:</u>  |                          |                          |
| a. Describe how the proposed property and enabling agreement will be secured by adequate, committed financial assurances and/or replacement credits to guarantee effectiveness.    | <input type="checkbox"/> | <input type="checkbox"/> |
| 5. <u>Habitat:</u>   |                          |                          |
| a. Is habitat within the property “suitable” per Executive Order 2015-4 as supplemented by Executive Order 2017-2, Supplement to Greater Sage-Grouse Suitable Habitat Definitions? | <input type="checkbox"/> | <input type="checkbox"/> |
| b. Does the property provide access to all seasonal habitats?  | <input type="checkbox"/> | <input type="checkbox"/> |
| c. Is a monitoring program in place or being developed?  | <input type="checkbox"/> | <input type="checkbox"/> |
| d. Does the property include rare or unique habitat (e.g., winter concentration areas, wet meadows, etc.)?   | <input type="checkbox"/> | <input type="checkbox"/> |
| 6. <u>Additionality:</u>   |                          |                          |
| a. Is habitat conservation within the property otherwise required by law, regulation, permit, or other condition?  | <input type="checkbox"/> | <input type="checkbox"/> |
| 7. <u>Risk Reduction:</u>  |                          |                          |
| a. Will resources be maintained, restored, established, enhanced, and/or preserved in a way that contributes to species conservation at a landscape scale?                         | <input type="checkbox"/> | <input type="checkbox"/> |
| b. Is a management plan, with adaptability and indicators (triggers), in place or being developed?   | <input type="checkbox"/> | <input type="checkbox"/> |
| c. Is an implementation plan for the property in place or being developed?   | <input type="checkbox"/> | <input type="checkbox"/> |
| d. Is an accounting process for tracking measures, funds, and credits in place or being developed?   | <input type="checkbox"/> | <input type="checkbox"/> |
