

HOW TO REGISTER FOR A HUNTER EDUCATION CLASS

1

Find your course specific link at bit.ly/wgfdprograms.

2

Create a hunter education registration account for a single participant or parent to link additional accounts under the same email. Enter account details, including a SPID - see below for more details.

After your Hunter education registration account is created, if you need to link accounts, click the person icon in the top right corner of your screen, then click on "my account". Select "linked accounts" on the left, then click the green "Link new account" Now you can add the date of birth and SPID for each child as it appears in their game and fish account.

3

Create a new password, and click "create an account".

4

Confirm your account through your email. Then select "myself" or "linked account" depending on who you are registering. Fill in the required fields.

5

Select the check box confirming you understand the terms of the class.

6

If necessary "Add another participant" and repeat the previous step or click "continue"

If you get an 'Invalid' or 'SPID Error' message try the following:

1. Confirm your SPID, date of birth and last name match the Game and Fish account.
2. If your name has a hyphen (Smith-Johnson) replace the hyphen with a space.
3. If your name has an apostrophe, delete the apostrophe
4. Use a different web browser (Google Chrome, Safari, etc.)

7

Please confirm you have all the correct participants signed up for the course before selecting the green "Finish Registration" button at the bottom of the screen.

8

You will receive an email confirming your registration.

SPORTSPERSON IDENTIFICATION (SPID)

A sportsperson ID (SPID) is a unique 11-digit number. There is ONE SPID number per person. A SPID is located on the top of any Wyoming hunting or fishing license, or can be found in the header of the Game and Fish Account after you login.

Each individual registering for a hunter education class is required to have a SPID.

When creating an account, it is crucial that the following information is entered correctly for the individual registering for a class:

- Full LEGAL name
- Date of birth (including the year)
- Physical description
- Social security number

Please record your username and password to apply for licenses in the future.

Scan the QR code to look up your SPID or create an account.
