(a) A claimant shall not be eligible to receive an award for damage caused by big game animals, trophy game animals, or game birds unless hunting for the species for which damage compensation is claimed has been permitted during authorized hunting seasons on the land for which the verified claim has been filed. For an award to be allowed, the claimant shall allow hunting access to a sufficient number of hunters during authorized hunting seasons if the species of big game animals, trophy game animals, or game birds for which the verified claim was filed were present on the claimant's privately owned or leased land and adjoining Federal or State land during authorized hunting seasons delineated in subsection (ii) (A). If the species of big game animals, trophy game animals, or game birds for which the verified claim has been filed were not present on the claimant's privately owned or leased land and adjoining Federal or State land during the authorized hunting seasons as delineated in subsection (ii) (A), for an award to be allowed the claimant shall allow hunting access to a sufficient number of hunters during authorized hunting seasons delineated in (ii) (B) and (ii) (C) if requested by the Department. It is the claimant's responsibility to assure the delivery of a verified claim to the Office of the Department.

Section 6. Investigation and Award of Verified Claims.

(a) When investigating damage claims, the Department shall utilize the standard of "more likely than not" in determining whether or not the damage was the result of big or trophy game animals or game birds, or gray wolves in accordance with W.S. § 23-1-901 (g) and (h).

(b) The Department shall consider damage that was discovered by the claimant and reported to the nearest game warden, supervisor or Commission member within fifteen (15) consecutive days after the date the damage was discovered. Any damage that was reported more than fifteen (15) consecutive days after the date it was discovered by the claimant shall not be considered by the Department as damage under this regulation.
