Special rules apply for each individual area. Refer to the Department website for rules pertaining to each area. Travel by motorized vehicle is prohibited, except as otherwise stated. Hunters wishing to use enrolled private lands for any other activity or to take wildlife species not listed or outside designated time periods must obtain permission from the landowner or person in charge of the property. The landowner or person in charge of the property may grant permission for activities contrary to that specified by Department signs or publications.

Age Restrictions; Big or Trophy Game

The minimum age to take any big or trophy game animal is eleven (11) years old if that person will be twelve (12) years old by the end of that calendar year. Youths under fourteen (14) years of age shall at all times be accompanied by an adult who possesses and can exhibit a hunter safety certificate, or who has been issued a Wyoming big game hunting license within the last five (5) years. If the accompanying adult is not the youth’s parent or guardian, the youth shall have in their possession

a permission slip signed by their parent or guardian allowing them to hunt under supervision. Each accompanying adult shall supervise not more than one (1) hunter under fourteen (14) years of age.

Archery equipment is legal to take game animals. No person holding an archery license shall take big game or trophy game animals during a special archery hunting season or limited quota archery only season by the use of any type of firearm. Upon request by a game warden or other Wyoming law enforcement officer, a person who has taken a big or trophy game animal during a special archery hunting season or limited quota archery only hunting season shall allow testing of the animal's tissue for confirmation of compliance with this section.

Artificial Light for Hunting Prohibited; Exception

No person shall take any wildlife with the aid of or by using any artificial light or lighting device except as provided by statute and Commission regulation. Predatory animals may be taken with the aid of an artificial light or lighting device, including thermal or infrared imaging or other light imaging by:

- i. A public officer authorized to and conducting predator control;
- ii. A landowner, resident manager or person with the landowner's or a resident manager's written permission to take predatory animals, on land under the landowner's control for the protection of their property.
- iii. Any person taking a predatory animal on public or state land is subject to limitations established by the Commission.

It is prima facie evidence of a violation if a person uses an artificial light in an area that may be inhabited by wildlife while having in their possession and control any device for taking wildlife.

This shall not prohibit the hunting on foot of raccoon with the aid of a handlight, provided the hunter is accompanied by a raccoon hunting dog and, if hunting on private land(s), has the written permission of the landowner or their agent.

- Any person hunting predatory animals on public land with an artificial light or lighting device, thermal or infrared imaging or other light imaging device shall display an activated infrared (IR) strobe beacon on their person visible from at least one hundred (100) yards in every direction. If the predator hunter is enclosed inside a vehicle, an activated IR strobe beacon shall be displayed on the exterior roof of the vehicle so as to be visible for at least one hundred (100) yards around the vehicle.
- Hunting of predatory animals at night with artificial light or lighting devices, thermal or infrared imaging or other light imaging on public land shall be closed from September 1 through December 31.

Automatic Weapons and Suppressors

No person shall take any wildlife with any fully automatic weapon. Firearm suppressors may be used during the legal taking of any game animal.

Bag Limits and Number of Licenses

No person shall apply for or receive more than one (1) license valid for

each big or trophy game species during any one (1) calendar year, except as otherwise allowed by Commission regulations. The maximum bag limit is one (1) big or trophy game animal per each valid license held, and in accordance with age, sex, species and antler or horn development limitations as specified by Commission regulation.

Bait Restrictions

No person shall take a game animal, game bird or game fish and use any part thereof for bait to hunt, trap or poison any wildlife of Wyoming.

Check Stations

Every hunter, angler or trapper entering or leaving areas for which check stations have been established shall stop and report at the check station if the check station is on the hunter's, angler's or trapper's route to and from the hunting or fishing area. ***This requirement applies even if the person does not have wildlife in possession.*** Game and fish licensees shall produce their licenses, permits or stamps as required by regulation for any game animals, game birds, fish or furbearing animals in their possession for inspection upon request by any authorized department representative.

Closed Areas

All areas within the state of Wyoming not opened by specific order of the Commission shall be closed to the taking of game animals, furbearing animals and game birds.

All persons hunting big or trophy game during an open regular season, shall wear in a visible manner one (1) or more exterior garments of a fluorescent orange or fluorescent pink color that shall include at least one of the following: a hat, shirt, jacket, coat, vest or sweater. Fluorescent orange camouflage or fluorescent pink camouflage are legal. Hunters participating in limited quota muzzle-loading seasons are also required to meet the fluorescent orange or fluorescent pink requirements. Archers and crossbow hunters hunting during a special archery season or limited quota archery only Type 9 season are exempt from this requirement.

Collars and Other Tracking Devices

The Wyoming Game and Fish Department asks that the presence of a collar doesn't sway the sportsperson's decision to harvest or not harvest the collared animal.

A few reminders about collars and tracking devices:

- Do not throw them away
- Do not intentionally destroy them
- Please return them to the department

Disabled Hunter Information

Contact the Cheyenne Headquarters or any Department Regional Office for specific information.

Duplicate and Replacement License Issued Upon Loss or Destruction of Original; Purchase and Fees

A duplicate license shall be issued if the original license ***contained a carcass coupon***. A replacement license shall be issued if the original license ***did not contain a carcass coupon***. The Department shall charge a fee of seven dollars (\$7) for each duplicate or replacement license.

Emergency Closures

The Commission may institute an emergency closure by regulation to shorten the season in any area at any time if a harvest quota is reached or if an emergency arises warranting the closure. Should a closure become necessary after the season opens, no refunds will be given for unused licenses.

CONSERVATION STAMP

Don't Forget your Conservation Stamp!

Hunters and anglers must purchase a conservation stamp prior to hunting and fishing in Wyoming.

Conservation stamps are only available electronically through the Department's Electronic Licensing System (ELS), and **may be purchased from the Cheyenne Headquarters, Department Regional Offices, license selling agents throughout the state and the Department website.**

Firearm Calibers for Hunting Big Game, Black Bear, Mountain Lion or Gray Wolf

When hunting *bighorn sheep, elk, moose, mountain goat or black bear* by the use of a firearm, a hunter shall use any center-fire firearm of at least .24 caliber and firing a cartridge of at least two (2) inches in overall length and using an expanding point bullet. When hunting *antelope, deer, mountain lion, or gray wolf* where designated as a trophy game animal, a hunter shall use any center-fire firearm of at least .22 caliber (excluding .22 Hornet) and having a bullet weight of at least sixty (60) grains and firing a cartridge of at least two (2) inches in overall length and using an expanding point bullet.

Big or trophy game animals may be taken with any other cartridge of at least .35 caliber and at least one and one-half (1.5) inches in overall length and using an expanding point bullet or any shotgun firing "00" or larger buckshot, or a slug. Any muzzle-loading rifle or muzzle-loading handgun of at least .40 caliber and firing an expanding point bullet or lead ball and using a charge of at least fifty (50) grains of black powder or its equivalent may also be used to hunt big or trophy game animals.

Wyoming has no restrictive laws concerning firearms that may be legally possessed under the law of one's home state. Safety dictates that all firearms in a vehicle should be unloaded with the action open.

Guides Required; Exceptions. Issuance of Resident Guide License

No nonresident shall hunt big or trophy game animals on any designated wilderness area, as defined by federal or state law, in Wyoming unless accompanied by a licensed professional guide or a resident guide. There shall be at least one (1) licensed professional guide or resident guide accompanying each two (2) nonresident hunters. A resident guide shall not guide more than two (2) hunters in any calendar year on any wilderness area. Any resident possessing a valid big or trophy game animal license shall apply for and receive a free resident guide license prior to guiding any nonresident in designated wilderness areas. A resident guide license may be obtained at no charge from the Cheyenne Headquarters or Department Regional Offices.

Harvest Survey

Each year the Department and its contractors send harvest survey questionnaires to a sample of sportspersons, primarily through email, text and postal mail. Since a person can hunt multiple species in Wyoming, some sportspersons may be asked to complete more than one harvest survey questionnaire. Your harvest survey response provides critical data the Department uses to evaluate the past hunting season and set future hunting seasons. Even if you did not hunt or harvest, we need to hear from you to accurately track hunter effort. We ask that you complete any harvest survey questionnaires sent to you by the Department or its contractors. Your time and assistance are much appreciated.

Hunter Safety

Except as otherwise provided, no person born on or after January 1, 1966, may take wildlife by the use of firearms on land other than that of their own family, unless that person can demonstrate they have obtained a certificate of competency and safety in the use and handling

of firearms. Attendance and successful completion of a hunter safety course offered by an association or governmental agency approved by the Commission satisfies the requirements of this section.

- A person who has not received a certificate of competency and safety in the use and handling of firearms may apply to the Department for a special authorization to take wildlife with the use of a firearm while being accompanied by a person acting as a mentor. A special authorization shall be valid for one (1) year from the date of issue and shall be in the possession of the recipient at all times while in the field. The application process may be completed on the Department website. Any person acting as a mentor shall be at least eighteen (18) years of age, shall possess a valid hunting license, and shall demonstrate they have successfully completed a hunter safety course. A mentor shall not provide supervision for more than one (1) person at a time in the field, other than immediate family members, and shall accompany the mentee at all times to provide constant supervision.
- A person under fourteen (14) years of age who has not yet received a hunter safety certificate may take small game and game birds while being accompanied by a mentor who possesses a valid Wyoming small game or game bird license and conservation stamp.
- Any active member, honorably discharged past member or veteran of the armed forces of the United States and any active or retired Wyoming peace officer qualified pursuant to Wyoming Statutes § 9-1-701 through § 9-1-707 may obtain an exemption from the hunter safety requirement. Hunter safety exemption applications are available at the Cheyenne Headquarters and Department Regional Offices. ***This hunter safety exemption is not valid for hunting elk within Grand Teton National Park (Hunt Areas 75 and 79), or for persons acting as mentors in the Hunter Mentor Program.***

License Expiration

Gray wolf licenses expire on the last day of the calendar year for which issued, unless otherwise indicated.

License Fraud Prohibited; Invalidation by Improper Fees

Department licenses, permits, stamps, tags or coupons shall not be altered by anyone other than authorized Department personnel. No license, permit, stamp, tag or coupon shall be transferred or used for the purpose of taking wildlife except by the individual to whom it was issued and therein named and while in that individual's possession. No individual shall take or attempt to take any wildlife using another individual's license, permit, stamp, tag or coupon. Any license, permit, stamp, or tag shall not be valid unless the proper fees have been received by the Department. Any Wyoming Game and Fish law enforcement officer may seize as evidence any license, permit, stamp or tag that was obtained in violation of Commission regulations or Wyoming statutes.

Open Hours for Taking Big Game and Trophy Game Animals

Big game and trophy game animals may only be taken from one-half (1/2) hour before sunrise to one-half (1/2) hour after sunset.

Outfitter Information

Hunter responsibility when booking a big or trophy game outfitter or professional guide. No person shall directly or indirectly compensate a person holding themselves out as engaging in the business of, or acting in the capacity of, an outfitter or a professional guide unless that person provides proof that they are a licensed outfitter or professional guide as required by statute. Before hiring an outfitter, the Department advises hunters to consult the Wyoming State Board of Outfitters and Professional Guides to verify the outfitter is licensed by the state of Wyoming. Landowners who outfit on their own deeded land, or deeded lands leased to them, are not required to be licensed as outfitters or guides. Contact: Wyoming State Board of Outfitters at 2617 E. Lincolnway Suite I, Cheyenne, Wyoming, 82002 or call toll free 1-800-264-0981. Any license holder utilizing the services of an outfitter shall have the name of the outfitter, the outfitter's license number and the type of outfitter license legibly printed on the back of licensee's big or trophy game license.

Permission to Hunt, Fish, Trap or Collect Antlers or Horns

No person shall enter upon, travel through or return across the private property of any person to take wildlife, hunt, fish, trap or collect antlers or horns without the permission of the landowner or person in charge of the property. "Travel through or return across" requires physically

touching or driving on the surface of the private property. The license must bear the signature of the landowner, lessee or agent of the landowner on whose private property the person is accessing or other legitimate proof as evidence that permission to hunt has been granted.

Precautions When Hunting in Areas Occupied by Grizzly Bears

Hunters and anglers are reminded grizzly bears occupy many areas in and around the Bridger-Teton, Shoshone and Caribou-Targhee National Forests in northwest Wyoming. The Department strongly recommends individuals working and recreating in these areas take precautions, including carrying bear pepper spray, to avoid conflicts with grizzly bears. Information about human safety and proper storage of food and other attractants in occupied grizzly habitat is available from the Cheyenne Headquarters, Department Regional Offices, U.S. Forest Service Offices and the Department website. Regulations concerning food/carcass storage in occupied grizzly habitat can be obtained from the U.S. Forest Service. Report all conflicts with grizzly bears to the nearest Department Regional Office. Any taking of a grizzly bear shall be reported immediately to the Department (1-877-WGFD-TIP).

For information about staying safe in bear country, visit the Department bear wise page: <https://wgfd.wyo.gov/Bear-Wise-Print>

- d. No person shall sell or barter any geographic location information for any big game animal, trophy game animal or wild bison to aid in the taking of any big game animal, trophy game animal or wild bison.

Vehicle Restrictions on Federal Land

Sportspersons are advised that many areas of National Forest and Bureau of Land Management lands are subject to travel and vehicle use limitations to protect resources. Maps and additional information regarding these limitations are available at U.S. Forest Service, Bureau of Land Management and other agency offices near these public lands.

Wilderness Areas

Nonresident big game and trophy game hunters must be accompanied by a professional or resident guide when hunting in designated wilderness areas.

Wildlife Violator Compact

Wyoming is a member of the Wildlife Violator Compact. The Compact enables a violator from any member state to accept a wildlife citation and proceed on their way without being required to post an appearance bond unless the violation requires MUST APPEAR and NO BOND ACCEPTED. The Compact provides for the suspension of wildlife license privileges in the home state of any person whose license privileges have been suspended by a participating state. If you have had your privileges suspended in any of the participating states, you may lose your privileges in Wyoming, in addition to all the participating Compact states. Additional information about the Compact can be obtained by contacting the Wildlife Law Enforcement Coordinator at (307) 233-6413.

Wind River Reservation

Only non-Indian owned, fee title lands are open to the taking of wildlife with a State of Wyoming license. Land status is complicated and lawful access must be investigated thoroughly. Sportspersons are advised it is their responsibility to determine land status prior to entering these areas.

Wyoming State Parks

Wyoming State Parks allow limited hunting opportunities at specific locations and may have additional restrictions and regulations for access and hunting. Sportspersons are encouraged to contact Wyoming State Parks at wyoparks.wyo.gov or contact the individual State Park Office for additional information prior to hunting.

Gray wolves taken as predatory animals must be reported to the department within ten (10) days as required by W.S. 23-1-304(d)(iii).

Note: Wilderness area, nonresidents must have guides

Section 2. Definitions

In addition to the definitions set forth in Title 23 of the Wyoming Statutes and Chapter 2, General Hunting Regulation, the Commission also adopts the following definition for the purpose of this chapter:

- a. “Mortality” means any legal or illegal human-caused gray wolf death that occurs during an open gray wolf hunting season, excluding gray wolves taken by the Department, gray wolves taken under the authority of W.S. § 23-3-115 (c), gray wolves taken under Lethal Take Permits and known natural and accidental gray wolf deaths.

Section 3. Hunting Seasons Established

There shall be open seasons for the hunting of gray wolves as set forth in this regulation. This regulation shall go into effect from and after the date gray wolves are removed from the federal list of experimental nonessential populations, endangered species or threatened species in Wyoming. This regulation shall remain in effect until modified or repealed by the Commission.

Section 4. Hunting Regulations for Gray Wolves Designated as Trophy Game Animals

- a. All gray wolves within the Wolf Trophy Game Management Area and Seasonal Wolf Trophy Game Management Area as described in W.S. §23-1-101(a) (xii) (B) (I) and (II) are designated as trophy game animals. These regulations, and any allowance for hunting, do not apply to lands administered by the National Park Service within Grand Teton National Park or the National Elk Refuge. Gray wolves in Wyoming are designated as predatory animals as defined in W.S. §23-1-101(a) (viii) (B) except for:
- Those areas where gray wolves are designated as trophy game animals; and,
 - Yellowstone National Park; and,
 - The Wind River Reservation, except on non-Indian owned fee titled lands.
- b. Gray wolves designated as trophy game animals shall only be taken during open gray wolf hunting seasons with legal firearms and archery equipment as set forth in Commission regulation, except as otherwise provided by Wyoming statutes.
- c. Open hours for the taking of gray wolves. Gray wolves may only be taken from one-half (1/2) hour before sunrise to one-half (1/2) hour after sunset.
- d. No person, except as authorized by the Department, shall take a gray wolf with the use of or by the aid of radio tracking equipment.
- e. Bag and possession limit. The bag and possession limits for any person with a proper license shall be one (1) gray wolf per license during any one (1) calendar year (January 1 – December 31). A person may purchase up to two (2) gray wolf hunting licenses during any one (1) calendar year. Licensed hunters may take any gray wolf.

- f. Reporting and registering kills. Hunters taking a gray wolf in the hunt areas described in Section 6 shall retain the pelt and skull from each gray wolf for registration purposes. Even if the skull is damaged, it shall accompany the pelt for registration purposes. Visible external evidence of sex shall remain naturally attached to the pelt. The pelt and skull shall be presented in an unfrozen condition to allow collection of biological samples and to determine the age and sex of the gray wolf.
- Within twenty-four (24) hours after taking a gray wolf, the licensee shall either report the taking of a gray wolf by calling toll free 1-800-264-1280 or present the pelt and skull to a district game warden, district wildlife biologist or Department personnel at a Department regional office during business hours for reporting and registration. The report shall include the name and phone number of the person making the report, hunter's name and license number, date of the kill, sex of gray wolf taken and location of the site of kill to include hunt area.
 - After a licensee has properly reported taking a gray wolf to the toll free number in Section 4(f)(i), and within seventy-two (72) hours after taking a gray wolf, the licensee taking the gray wolf shall present the pelt and skull to a district game warden, district wildlife biologist or Department personnel at a Department regional office during business hours for registration. The licensee shall provide their license number, date of kill and location of the site of kill to include hunt area, section, township and range or UTM coordinates.
- A. A hunter taking a gray wolf in a designated wilderness area shall present the pelt and skull to a district game warden, district wildlife biologist or Department personnel at a Department regional office during business hours for registration within seventy-two (72) hours after returning from the wilderness or within ten (10) days from the date of harvest, whichever occurs first.
- At the time of registration, the licensee shall furnish the Department their license number, date of kill and location of the site of kill to include hunt area, section, township and range or UTM coordinates.
 - Any person who makes a false statement on the registration is in violation of this regulation.
- g. Surrender of electronic radio tracking devices. Any person taking a gray wolf wearing an electronic radio tracking device within the hunt areas described in Section 6 shall surrender the device to the Department in accordance with registration dates in Section 4(f) (ii) of this chapter.
